Dear Victor

On behalf of management and members of Black Elderly Group Southwark, I would like to say a very big thank for the plays you have produced and shown the centre.

I am referring to 'Streets Paved With Gold' and 'Return To The Caribbean'.

Each time you have come to the centre you bring about an air of facilitation. The members are not the easiest of people to work with, but you have shown patience and understanding,

Thank you again

Regards,

Millie Howell
